Enrolment Policy

Frank Partridge VC Public School Vision Statement: *is a learning community where all stakeholders have a voice, educational opportunities are valued and we strive for excellence. Students engage as they are continually challenged to learn, in a culturally sensitive environment that embraces every students' strengths and needs. We have a culture of high expectations, in which every teacher and every leader improves every year, by collaborating and learning together. We deliver future focused learning and teaching underpinned by cultural awareness and respect, to build knowledge and understanding.*

Rationale: Frank Partridge VC Public School local area is determined by the Department of Education, and the school will seek to ensure that every eligible local child will have a place.

Frank Partridge VC Public School has determined the following **guidelines** in accordance with the Department of Education policy *Enrolment of Students in Government Schools*, and associated documents.

1.1 General Principles Governing Enrolment in NSW Public Schools:

- Parents may seek to enrol their child in the school of their choice.
- Children are entitled to be enrolled at the government school for the designated intake area within which the child's home is situated, and that the child is eligible to attend.
- School designated intake areas are determined by the Department of Education.
- Parents seeking to enrol students who live outside the schools intake area may do so, by completing the Application for Non-local Enrolment form.

Schools are required to set an enrolment number to cater for anticipated local demand and to seek to ensure that every eligible local child has a place at his or her local school if he or she chooses to attend it. Schools are required to have a written guideline, which states the criteria upon which non-local enrolments may be accepted. Our current enrolment number is 18 in Kindergarten with 20 per mainstream class and 8 in the Learning Hub classes, with the buffer figure being 5% lower for OOZ enrolments to allow for local enrolments. This makes our buffer number a total number of 18 per class in mainstream classes with 16 in Kindergarten. Support classes must be formed via placement panel.

1.2 The decision on where to enrol a student, and with what level of support, will depend on a number of factors, including:

- The student's educational needs.
- The expressed desires of parents and caregivers.
- The capacity of a school to provide the level of support services required generally and at a particular location.
- The availability of support services at alternative locations.

Local Area Enrolment Procedures

2.1 Required documentation: Every new enrolment must provide the following documentation:

- A completed Enrolment form, available from either the school website or the front administration office.

- 100-Point residential address check to verify that the student presenting for enrolment resides within the school's designated intake area (details of the 100 point check are included at the base of this document).
- Original birth certificate, or passport, (VISA documentation if presenting from overseas).
- Other relevant documents, such as Court Order, AVO, etc.
- Health care documentation as necessary.

Non-Local Enrolments

Places for non-local enrolments will be considered dependent on the figures for the whole school and each academic enrolment year, given the number of permanent teaching spaces available and a sufficient buffer to accommodate potential new local enrolments throughout the school year. The DoE policy states that non-local placements must not generate demand for extra staff or create disruption to school routine. Therefore, when evaluating enrolment applications from applicants outside the designated intake area (Out of Zone Enrolment Application) a panel consisting of an Executive, teacher representative and P&C representative will consider the application using the following DoE criteria:

- The school can provide the required support and appropriate class placement
- Specific medical and learning needs of the student
- Proximity and access to the school with an emphasis on travel arrangements and student safety
- Siblings currently attending Frank Partridge VC Public School
- As part of the wellbeing structure of the local district, needs relating to student wellbeing on arrangement between principals
- Safety and supervision of the student before and after school
- Dire compassionate circumstances verified by a government agency or service such as Department of Family and Children's services

Note: As per our school plan, class sizes should not exceed 20 as decided upon by the school community.

Non-local placements must not generate demand for extra staff, accommodation or create disruption to school routine.

Procedure

- Non-local enrolment request form is completed by parent/carer (appendix A)
- A request for background information from the previous school is made and will include additional support required, attendance, health care information, behavioural documentation, and checking the existence of a counsellor file.
- Information will be collated and presented to the Out of Zone Enrolment Panel. The panel will determine that the student be considered for enrolment or advised to attend their designated local school. Parents will be informed of the decision as soon as possible.

Frank Partridge VC Public School does not have a waiting list.

Enrolment Refusal: A principal may refuse to enrol a student with documented violent behaviour when risk mitigation strategies or adjustments are not possible to manage the risk. This is subject to compliance with the requirement to conduct a risk assessment, in accordance with the *Management of health and safety risks posed to schools by a student's violent behaviour guidelines*, and consultation with the Director, Educational Leadership. Any decision to refuse enrolment at a particular school should not be interpreted as a refusal to enrol in any government school or facility.

An appeal against a decision made by the Placement Panel is to be made in writing to the Principal who will seek to resolve the matter. If the matter is not resolved it is to be referred to

the Director, Public Schools for determination. Appeals are to determine whether the stated criteria of the school have been fairly applied.

Sibling Enrolments

Prior to July 1 2019, there has been an understanding in place that sibling enrolments would be enrolled regardless of their current address at the date of enrolment. This meant that families who had moved out of the designated intake area could still enrol their children at Frank Partridge VC Public School. The Department of Education has now updated its policy in regards to this; from July 1 2019, any family who moves out of zone from Frank Partridge VC Public School after enrolment will forfeit their right to enrol siblings by default. In these circumstances, parents/ Caregivers will need to go through the Non-Local Enrolment process and it is highly unlikely that they will be approved due to current enrolment numbers. All enrolments from July 2019 will complete the following declarations ensuring that this is understood.

- We acknowledge we have provided documentation providing 100 points check for our residential address within the designated intake area.
- We understand that enrolment of our child/children at Frank Partridge VC Public School may be terminated if it is determined that false or misleading information is provided.
- We further acknowledge that an entitlement to enrol further siblings of students listed above should we move out of the designated intake area will be treated as a non-local enrolment and will not be automatically entitled to enrol.

100-Point Residential Address Check

Document showing the full name of the child's parent	Points
1. Only one of (i.e. no additional points for additional documents)	40
1.1. Council rates notice	
1.2. Lease agreement through a registered real estate agent for a period of at least 6 months or rental board bond receipt
